JULY 28TH - SEPT 9TH

ABOUT THE EXHIBIT

Material World: A Contemporary Fiber Art Exhibition, is a juried showcase featuring over sixty 2D and 3D works from a wide range of fiber artists from across the world. These selected works expand the definition of fiber art and push the boundaries of the medium.

These boundaries are examined through the lens of the contemporary fiber artist, whether it be through unconventional materials, modern subject matter, or a re-imagining of traditional fiber practices in a contemporary context.

Get Creative with Textiles!

Easy Cardboard Circle Weaving

Materials Needed:

- Various colored yarns in different textures (both thin and chunky yarn)
- Cardboard (or strong paper plate)
- Pencil
- Scissors
- Tape
- Assorted colorful and wooden beads (optional)

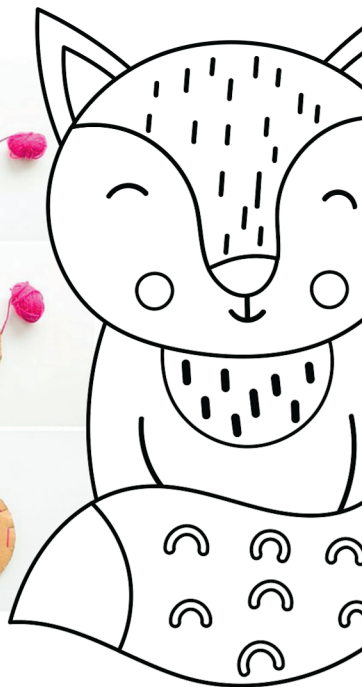

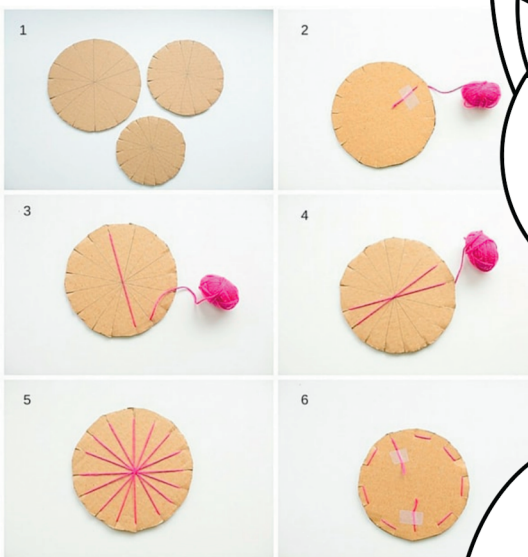

Instructions:

Step 1. Find various circle objects in your home and trace them out on cardboard. Cut out the circles.

Step 2. Follow the steps below to get your circle weave started.

- 1) draw spokes on your wheel with a pencil and cut a notch.
- 2) Tape a piece of yarn to the back of your circle.
- 3) Run it across and then to the adjacent cut.
- 4) and
- 5) Repeat until you have strings that follow your pencil lines.
- 6) Tape your ending yarn to the back.

Step 3. Tie the yarn you want to start weaving with through the center.

Step 4. Go around the circle over and under as shown below.

Step 6. When you're done, tape the yarn to the back of your circle.
