

Terrell Washington

(he/him)

Atlanta, GA

Terrell Washington, a vibrant, down-to-earth young adult, is a fresh artist on the scene. Born and raised in Taylors and Greenville, South Carolina, she has always desired to create art. As a young boy, his older sister inspired him to become an artist because of her prior interest as a teenager.

Although Terrell has no formal training, his work reflects the inner man of his being and all its complexities. His paintings are raw and yet elegant, sublime and yet a painful sorrow, light and yet dark.
