

## **Lennie Vernet**

(he/him)

Smithfield, NC

Everything we are surrounded by, has a story to tell. Whether it's the old worn-out pair of boots in the back of your closet to the lines and wrinkles on grandma's face. Everyone and everything have gone through its own journey. My art is very much the same, and each piece has a life of its own.

Never discount anyone's voice because everyone is an expert in their own experience.
